ROYAL POLKI JEWELLERY

MALABAR
GOLD & DIAMONDS

India. A land draped in royal heritage. Where the Ranis and Maharani's have adorned their beauty with jewellery made by an exclusive small group of craftsmen who hold the secret to a centuries old craft.

Today, only a handful of craftsmen can bring alive the magic of royal jewellery. Malabar gold and diamonds work together with the best of these craftsmen to create masterpieces worthy of you. We use cutting edge technology to conceptualize and analyze design. Only the best of them make the cut.

Then our specialized artisans get ready to hand craft them. Every ornament passes through the hands of 6 master craftsmen before it graces your look. Delicate work, intricate patterns, hours, days and sometimes months of work go in to creating one piece.

And when this masterpiece is ready, we call it Viraaaz.

Viraaaz. Celebrate the royalty in you.
